

**REMARKS**

1. Applicant thanks the Examiner for the Examiner's comments which have greatly assisted Applicant in responding.

**2. 35 U.S.C. §112.**

The Examiner rejected Claims 32-33, 37-39, 46, 53-56, 60-62, 69, 76-79 under 35 U.S.C. §112, second paragraph.

Applicant has amended said claims, accordingly. Applicant again thanks the Examiner for the Examiner's comments in regard to this matter.

Applicant is of the opinion that the amended Claims 32-33, 37-39, 46, 53-56, 60-62, 69, 76-79 overcome the Examiner's rejection. Therefore, Applicant respectfully requests that the Examiner withdraw the rejection under 35 U.S.C. §112, second paragraph.

**2. Allowable subject matter.**

The Examiner stated that Claims 48 and 71 are objected to as being dependent upon a rejected base claims 34 and 57, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant has elected to cancel dependent claims 48 and 71 and incorporate the single limitation, "means for champion/challenger testing in a strategy design cycle," into independent Claims 34 and 57 for expeditious purposes only as stated fully hereinbelow. Applicant respectfully points out to the Examiner that there were no intervening Claims. Applicant also respectfully points out that dependent Claims 35-56 and 58-79 are in allowable condition.

It should be appreciated that Applicant has elected to amend the Claims solely for the purpose of expediting the patent application process in a manner consistent with the PTO's Patent Business Goals, 65 Fed. Reg. 54603 (9/8/00). In making such amendment, Applicant has not and does not in any way narrow the scope of protection to which Applicant considers the invention herein to be entitled. Rather, Applicant reserves

Applicant's right to pursue such protection at a later point in time and merely seeks to pursue protection for the subject matter presented in this submission.
